

SRB User Group Objectives

- Maintain a structured non-profit society for the benefit of all organizations using software from TSC Software Services Inc. (TSC).
- Support and assist all members of the Users' Group in the use of TSC software, through active participation in the annual SIG meetings and conference.
- Ensure that the full extent of services available from TSC is widely recognized, understood and utilized within the User's Group.
- Promote and maintain a high standard of professional conduct among the society and when dealing with TSC.
- Provide a forum in which users of TSC products can meet and discuss issues of mutual concern.
- Promote activities that increase communications among members and between members and TSC.
