SRB is happy to announce Lambton Kent DSB as the winner of the two-day, **Onsite, BAS2000 Usage Audit Draw**.

The draw was held at the **BAS2000 User Group** meeting on Nov. 4th, 2009 at Thames Valley DSB.

Here's what they won!

Onsite **BAS2000 Usage Audit Package**

This package is specifically designed to help you and your team understand the power within **BAS2000**.

Do you ever wonder if you:

- Are using all available functionality?
- Are effectively using all functionality?
- Don't know what you don't know?

If you want to ensure you take full advantage of everything **BAS2000** has to offer, this package is for you.

An **Experienced, SRB BAS2000 Consultant** will come to your site to review your Board's specific use of **BAS2000** and provide you with:

- One-day review of **BAS2000** usage in the "Purchasing" department
- One-day review of **BAS2000** usage in the "Accounting" department
- Immediate feedback for best use of existing functionality
- Day-to-day best practices and improvement suggestions
- Available reports their usage and purposes

Moreover, you will receive a final written report outlining our findings and suggestions for your reference.

20% Limited Time Discount

After you receive your **Onsite BAS2000 Usage Audit Report**, you'll receive a 20% discount off any SRB regular and/or ECNO rate services. This applies to all regular rate services and cannot be combined with any other offers or "Pre-Paid Support Package Discounted Rates."

Book your **Onsite BAS2000 Usage Audit** today by contacting [Pedro Balzan](#).
